Welcome

Sleep Therapeutics

To the Veritas Foundation Giving Fund

June 21, 2021

The Veritas Foundation Giving Fund is thrilled to welcome **Sleep Therapeutics** as its newest account holder.

Sleep Therapeutics helps individuals to improve their sleep quality and solve any sleeping problems they face. This starts with a direct consult to get a better understanding of your sleep patterns and general lifestyle. Sleep Therapeutics then provides at-home sleep studies to get an in-depth understanding of your situation. This is followed by a customized solution to resolve your sleep issues and improve overall health. You can learn more about **Sleep Therapeutics** by visiting their website [HERE](#).

Sleep Therapeutics is opening a charitable fund through Veritas to provide subsidies to individuals who couldn't normally afford their services.

Contact me directly if you would like to establish your own charitable fund instantly or create one for your company or community group.
